Testimonial

Terri Fitzpatrick
Chief Operating Officer
of Boji Group

"I have known and worked with Jennifer Turner for many years. Having served for several years as the Vice-President of Tribal Business Development for the Michigan Economic Development Corporation, and later as the first Chairperson of Waseyabek Development Company for the Nottawaseppi Huron Tribe of Potawatomi, I saw firsthand Jennifer's creativity, business expertise, strategic thinking and tenacity merged with a keen understanding of public relations and politics. Quite simply, she always gets the job done and exceeds expectations."
